

# Arizona Section Newsletter August 2019

**Arizona Section Manager, Rick Paquette W7RAP**

## **The Museum Fire Sparks Amateur Support –**

Members of the Coconino County Amateur Radio Club (**CARC**) in Arizona activated on July 21 as winds accelerated the Museum Fire near Flagstaff, beyond 50 acres, triggering the activation of the county's Emergency Operations Center (EOC). Members of the club, many of them ARES volunteers, staff the EOC.

"The club has a great working relationship with Coconino County," said CARC's Public Information Officer Dan Shearer, N7YIQ. "CARC's ARES component has a dedicated position in the EOC structure and has assisted on many incidents over the last few years, providing communications to field personnel when cell and radio coverage is limited or nonexistent."

Shearer said Amateur Radio equipment and antennas are stored at the EOC, and CARC members have been trained to set it up and have everything operational within an hour of activation.

The fire, of undetermined origin, soon grew larger than 500 acres and became a top fire-fighting priority. A Type 1 incident management team took over management of the fire-fighting effort late on July 22, and more than 12 Hotshot crews (teams highly trained in all aspects of fire management), fire engines, water tenders, and aircraft were engaged in suppressing the blaze. Residents in some neighborhoods were ordered to evacuate, although no homes and structures were lost. There were fears that the fire might overrun communications sites on Mount Elden, which include public service, private, and Amateur Radio repeaters.

"The loss of one or both of these complexes would have been catastrophic," Shearer said. CARC members were prepared for the risk and quickly assembled spare equipment, including extra radios and repeaters.

Air tankers dropped many loads of fire retardant around the repeater sites, and the exceptional work of the fire crews prevented the fire from running up the slopes to the complexes, Shearer said.

A midweek change in the weather with substantial rain gave firefighters a chance to keep the blaze from crossing a fire line they were able to construct. ARES resources were released on July 26 and placed on standby as the fire risk was substantially reduced.

Shearer said there is now a risk of flash flooding across the burned-over areas from the region's summer rainy period, and the City of Flagstaff and Coconino County are providing sandbags.

The Coconino Amateur Radio Club is an ARRL affiliated club with about 50 members. It has a large ARES component that regularly trains and conducts SKYWARN and ARES nets weekly.

Arizona Governor Doug Ducey visited the EOC during the Fire and met with members of the Coconino support team. "CARC personnel provided well over 250 hours in support of the Museum Fire in direct support of the joint EOC," Shearer said, adding that the Governor Doug Ducey expressed appreciation for their efforts when he visited the fire operations.

We are privileged when government officials visit and are exposed to how we conduct emergency operations. The exposure helps us all in garnering support when we need resources and acceptance in performing our emergency support activities. GREAT JOB !

Museum Fire Support Amateurs are visited by our Governor  
Left to Right, are Ken Held (KF7DUR), Jake Miller (KI7WNS),  
Governor Doug Ducey, Glen Davis (KG7YDJ), and Joe Hobart (W7LUX), Coconino Emergency  
Coordinator

#### **N6AA Censure Rescinded –**

At the recent meeting of the ARL Board Of Directors meeting in Hartford, CT, the agenda included action on the following motion:

11. Mr. Stratton moved, seconded by Director Hippisley, the Motion that follows. Director Carlson was invited by Director Stratton, with the concurrence of Director Hippisley, to add his name as a second after that of Director Hippisley; Director Carlson accepted the invitation. Director Stratton, with the concurrence of Director Hippisley, then invited all other Directors to also second the Motion,

**Follow us on Facebook: ARRL - Arizona Section:** [www.facebook.com/ArriArizona](https://www.facebook.com/ArriArizona)

with Directors Abernethy, Holden, Norris, Williams, Jairam, Hopengarten, Ritz, Tiemstra, and Ryan accepting the invitation.

WHEREAS, The ARRL Board of Directors, acting in a special called meeting on November 14, 2017, publicly censured the honorable Richard J. Norton, Director of the ARRL Southwestern Division, for an alleged violation of the ARRL Policy on Board Governance and Conduct of Members of the Board of Directors and Vice Directors, which Policy was adopted by the ARRL Board of Directors on or about January 20-21, 2017;

WHEREAS, the ARRL Policy on Board Governance and Conduct of Members of the Board of Page 8 of 28 Directors and Vice Directors was rescinded by the ARRL Board of Directors on January 18, 2019;

WHEREAS, since the issuance of the public censure, a significant number of ARRL Members have sought review of the decision, proffering attestations as to the integrity and character of the honorable Richard J. Norton; WHEREAS, based on the substantial Membership interest in the matter and its own interest in fairness and justice to a Director and a Charter Life Member with a distinguished history of service to Amateur Radio and the ARRL, the ARRL Board of Directors has reconsidered the public censure of the honorable Richard J. Norton;

WHEREAS, after reconsideration, the Board of Directors finds the public censure of the honorable Richard J. Norton was unfounded:

NOW THEREFORE, IT IS RESOLVED (1) The public censure issued on November 14, 2017 of the honorable Richard J. Norton is rescinded; (2) A notice of this decision of the Board of Directors is to be published on the ARRL's website; and, (3) Other than the Board Minutes containing this Resolution and the published public notice on the ARRL website of the rescission of the censure, the ARRL is directed to expunge all records of such public censure from its files.

After discussion, Mr. Sarratt moved, and Mr. Holden seconded, that the consideration of this item be tabled for further consideration until Saturday's session. A roll call being requested, the motion to table failed 5 AYE, 9 NO and 1 ABSTENTION with Directors Holden, Blocksome, Hopengarten, Ryan, and Sarratt voting AYE, Directors. Abernethy, Carlson, Norris, Williams, Jairam, Ritz, Tiemstra, Hippisley, and Stratton voting NO, and Director Norton abstaining.

Mr. Stratton requested to call the question, seconded by Mr. Hippisley, which passed without opposition. The main motion was ADOPTED by voice vote.

### **Volunteer Monitoring Program Applications Close -**

Deadline for Volunteer Monitor Program: ARRL Headquarters states that the opening round of applications for the new Volunteer Monitoring program has closed . There will be additional openings for applicants, so do not worry if you missed this first call.

### **Section Emergency Coordinator, Dennis Bietry KE7EJF**

Field Day is behind us. It tested our operating skills and personal endurance. I hope it proved both fun and useful to all that participated. As you may have discovered, our heat takes a toll on all things radio; batteries, antennas, coax, connectors, power supplies, mobile installations, etc. Now is the time to take stock of their conditions. I know it's hot now, but start to take inventory and make urgently needed repairs now and plan for strategic cooler weather projects in cooler weather. You may be called upon to

No Report

**Affiliated Club Coordinator, Mike Boger W7IJ**

No Report

**Technical Coordinator, Carl Foster KB7AZ**

Carl wants all to understand better the impact of the recent (2017) Federal Law regarding Registration and Lighting/Marking requirements for all towers exceeding 50 feet height. ARRL has been reporting on the impact of the law and the essence of the rulings is that If you reside outside of a municipal (i.e. Incorporated) area you are required to register your tower with the FAA, and also comply with federal lighting and marking regulations as well. The ARRL has met with Federal Officials and resolved that Amateur towers that otherwise comply with the general requirements for lower than 200 ft and outside the glide-path requirements of landing zones, are exempt. For details and information go to :  
<http://www.arrl.org/news/view/faa-reauthorization-act-of-2018-overhauls-marking-requirements-for-short-rural-towers>

**New Hams and License Upgrades (July 2019)**

It was another Banner month for New and Upgrading Amateurs here in Arizona. 67 New Hams ! Particular congratulations go to all the VE Teams and Instructor Teams that keep us at the top of the list in Amateur Growth. Keep it up Teams !!!! You are doing GREAT !!!
