Chairman, DX Advisory Committee**

To: Members of the PSC:

From: DXAC – Prepared and submitted by Gary E. Jones, W5FI, Chairman

Date: December 26, 2015

Subject: Year-End DXAC Report

In the fall of 2015, the DXAC was tasked with considering whether the addition of a DXCC award for stations operating from mobile stations would be a meaningful addition to the DXCC program. A formal tasking was received in October and distributed to the DXAC for consideration and discussion. The DXAC entire membership was active in considering and discussing the positives and negatives of such an additional award.

The DXAC was generally positive to the proposal outlined in the tasking and made recommendations to the PSC on how the award should be established, the start date (a date in the future), the type of award (non-endorsable single level award), etc. The DXAC also recommended a definition of mobile operating to be used with the award. The recommendation was given to the PSC December 1, 2015.

Since that time, there have been no further taskings, or official business.

Therefore, the DXAC remains available for any future task assignments from the PSC.

Respectfully submitted: 73

Gary E. Jones, W5FI  
Delta Division DXAC Representative  
DXAC Chair
