Limassol Radio Club station 5B4MS on the island of Cyprus is located on property owned by the British East Mediterranean Relay Stations social club. Most 5B4MS club members are in the broadcasting business. The antennas, installed just a few yards from the sea, enjoy excellent take-off paths to Africa.

Sticking with the antenna theme, the inset photo shows the RF deck used to remotely tune a 43 foot vertical. The article begins on page 33.
